

4 Mains outlets (L=84.65)

we-ef

310-9220

IP66. Marine-grade all aluminium construction. 5CE superior corrosion protection including PCS hardware. Anodised rail extrusion (always grey anodized), featuring countersunk, IP rated compact mains outlets and internal wiring.

RAIL66 Universal features a pair of 'flat surface' mounting brackets, including a concealed termination chamber. Suitable for installation in any desired orientation to walls, under roof and ceiling structures. The optional Flat Surface Fitters (pair) provide enhanced mounting surface coverage and facilitate concealing of a recessed junction box. The optional Column Fitters (pair) allow installation to pipe structures and columns of min. 100 mm diameter.
