

Specifically developed for the lighting of architectural surfaces, in combination with WE-EF [M] symmetric medium beam LED optics. Luminaires fitted with the IO-20 wallwash lens are typically positioned at  $0.125 \times h$  away from the target surface and spaced up to  $1.75 \times d$  apart:

- $h$  = height of wall/target surface
- $d = 0.125 \times h$  = distance from the wall/target surface
- $s = 1.75 \times d$  = spacing between luminaires

The IO-20 LED wallwash lens is factory-installed within the luminaire. The factory-sealed qualities and advantages of the luminaire are fully maintained. Not separately available.

A maximum of one internal optical accessory.

Description	Part ID	Additional information	C1
IO-20-FLC240-LED	139-1854	for symmetric [M] medium beam luminaire only	289
