

## R2C Ready to Connect (below)

**we-ef**

### 430-0027

R2C-below option: Factory installed, IPX6 protected and standardised Zhaga interface in the cover of the luminaire housing below the light source. Not possible with luminaires with [A60] light distribution. One or two Zhaga Book18 interfaces also possible, specify when ordering. The interface is covered with a robust protective cap. The luminaire is fully pre-wired and equipped with a DALI LED driver. Depending on the choice of light management system, a corresponding controller must be selected for commissioning and attached to the standardised Zhaga interface (Plug'n Play system).
